Philosophy

At Happy Hours Preschool, we focus on building self-esteem and individuality. Preschool is the foundation of a child's school experience. When children enter Happy Hours, they come to build skills and to share experiences, which will prepare them for future success. We believe the preschool environment should stimulate a child's natural curiosity while helping each individual to achieve independence, to interact with other children, and to develop an interest for learning.

Our program is fully-licensed by the Department of Early Education and Care Services. We operate on a ratio of 1 teacher for every 8 children.

Program Focus

Physical Skills
Safe Environment
Social Skills
Emotional Growth
Intellectual Skills
