A few words from one of our fulfilled families:

"As grandparents, we are happy to have our grandchildren be part of a program that promotes basic learning, safe play and getting along with others. Most importantly, they are under the watchful eye of committed, caring educators who enjoy watching them learn and develop as much as we do." — Rich and Jane Forte

Philosophy

At Happy Hours Preschool, we focus on building self-esteem and individuality. Preschool is the foundation of a child's school experience. When children enter Happy Hours, they come to build skills and to share experiences, which will pre-prepare them for future success. We believe the preschool environment should stimulate a child's natural curiosity while helping each individual to achieve independence, to interact with other children, and to develop an interest for learning.

Our program is fully-licensed by the Department of Early Education and Care Services. All teachers are qualified in accordance with the licensing regulations. We operate on a ratio of 1 teacher for every 8 children.

Program Focus

- Safe and nurturing environment
- Developing physical skills
- Developing intellectual skills
- Developing social skills
- Providing opportunities for emotional growth
